

# Safe Light Project

**Sponsored by San Diego City Council President Tony Young,  
Councilmember Marti Emerald and Rebuilding Together**

**Attention Homeowner:**

Light up your yard and take back your street with the Safe Light Program!

**Free Of Charge:**

An exterior solar light fixture will be installed at no cost to you.

**Low Maintenance:**

No wiring needed, solar battery operated.

**For your safety and the benefit of your neighborhood,  
solar light fixtures will help reduce criminal activity in the Mount Hope  
neighborhood by lighting up dark streets one house at a time.**

Light turns on when motion is detected at night.
